

From Ashbourne;

When driving from Ashbourne, take the B5032 to Uttoxeter via Mayfield and Ellastone.

Approximately 1 mile after Ellastone, there is a right turn where the B5032 continues to Cheadle – do not take this!

Stay on the main road, this is now the B5030 to Uttoxeter.

At the next roundabout, take the first exit and carry straight on for Rocester / Uttoxeter.

You will drive past a large ornamental lake on your right-hand side, after approximately 500yds you will approach Rocester on your left-hand side and you will see the JCB World Headquarters factory front on your right hand side.

At the 1st roundabout, take the 3rd exit (straight on) and then immediately after at the 2nd roundabout, take your 2nd exit, signposted Hollington

Drive along Hollington Road, past the JCB World Headquarters factory on your right hand side (*The Story of JCB*) and the JCB Social Club on the left hand side.

Carry on for approximately 1½ miles along Hollington Rd.

As you are going up the 2nd Hill you will see the left turn you need into Combridge Lane, ( there is a 'ford' sign at the end of the lane, don't worry, the farm drive is before it! )

After 100 yds Field Head Farm drive is first on the right-hand side, next to a big oak tree and is signposted with the CAMHC CL and Hen Camp signs.

Turn carefully into the drive and follow the tarmac drive down to the site.

For Hen Camp, take right turn before the lake

CL – the pitches are on the left-hand side of the farm drive but you may find it easier to follow the drive to the right so that you approach the pitches in an anti-clockwise direction, then when you come to back into a pitch you are backing in on the driver's side. Make yourselves at home on any available pitch.

The Barn -Follow the drive to the bottom, through the gates and park in the yard

If there are any problems, due to roadworks, etc then please don't hesitate to contact us and we should be able to redirect you by an alternative route to the farm.
